

TONY GUERRERA

In 1968, my wife and I purchased Napoli after several ownership changes. We wanted to continue the tradition of making outstanding pizzas and pasta available to Vallejoans and people from throughout the United States who were stationed at Mare Island Naval Shipyard. Things have changed through the years, Mare Island Naval Shipyard is now a robust mixed commercial and residential community, Marine World is an anchored tenant, and Vallejo has become a gateway for Napa Valley. However, one thing hasn't changed. We still take pride in every meal we serve, hand make our recipes, and hand toss our pizzas. As I pass on the business to my sons you can rest assured your meal and your experience at Napoli will be in good hands tomorrow as it is today. It's been our pleasure serving you through the years and we look forward to your patronage for many years to come. Buon appetito! - Tony Guerrero
